

Health Education England Quality Framework

As part of participating in the Pre-registration pharmacist recruitment process, all employers have agreed to abide by the Health Education England's Quality Framework. The specific markers that will be monitored are as follows:

- Disclosure and Barring Service Checks (DBS) for the preregistration pharmacist.
- All preregistration pharmacists to complete Equality & Diversity, Safeguarding Vulnerable Adults and Children and Information Governance training appropriate to the role being undertaken.
- All trainees will work to an approved GPhC Preregistration Pharmacist Training Plan. Employers should offer a training plan that is mapped to the performance standards and delivers the section 10 outcomes from the future pharmacist standards.
- All trainees and their tutors will sign a GPhC Learning Agreement
- All preregistration tutors must comply with the GPhC Tutor Guidance (<https://www.pharmacyregulation.org/education/pharmacist-pre-registration-training/tutors>)
- All preregistration pharmacists will be provided with dedicated time each week for development e.g. study day, intra- and interprofessional development, shadowing and reflection
- The employer must have undertaken a patient satisfaction survey or in-patient survey (or equivalent, as relevant to the patient care setting) in the last 12 months.
