

# Practice Supervisor Course

## Who is this course for?

This course is suitable for all **practice supervisors** supporting pre-registration pharmacists and pre-registration trainee pharmacy technicians across **London and the South East**. **Priority will be given to pharmacists working in pharmacies in any sector registered with the ORIEL National Recruitment System, to support meeting placement quality criteria.** The course is provided by The Pharmacy Training Company who have trained around 700 Educational Supervisors across the UK. The online training is a well-received, tried and tested, modular programme providing flexibility to the learner.

### Introductory Webinars:

21st June at 8pm OR 22nd June 2018 at 2pm.

**Design:** Flexible access to modules allowing you to devise your own learning schedule, each module requiring a total of 4 to 6 hours over an 8 week period.

### Who will you learn with?

You will join an online community of practice supervisors, developing their knowledge, skills and practice to ensure a high-quality educational environment for pre-registration pharmacists and pre-registration trainee pharmacy technicians.

The friendly team at **The Pharmacy Training Company (PTC)** are committed to help you obtain maximum benefit from the programme, whether you are a new or existing practice supervisor.

### What does the learning look like?

- You will cover up to THREE key modules which are mapped to the GPhC Guidance for Tutors.
- You will receive a handbook and take part in an introductory webinar, both explaining the content of the course.
- Each module involves watching a presentation, then completing some reading and one written assignment.
- You will receive individualised feedback on each assignment to support your learning.
- PTC offer optional two monthly webinars supporting each of the modules.
- You will have the opportunity to join a social media group of local practice supervisors for additional support.
- Certificates of completion will be issued when you complete the full programme.
