Further information on the Trust:	

Why train with us?

We provide a range of acute and community healthcare services across Croydon - either in hospital, patient's own homes or from clinics and specialist centres. We are one of the leading Trusts for Electronic Prescribing in the UK.

Our passion and focus is on the education, training, and development of trainees through an innovative and continually improving training programme. We pride ourselves on the high level of support provided for our trainees, including individual mentors to work alongside you and your tutors, and have a proven success rate.

Our training programme

We provide a broad, well-structured and comprehensive training programme allowing you to experience a range of different specialties and an insight into life as a pre-registration pharmacist at Croydon Health Services. Rotations will include cardiology, nephrology, endocrinology, respiratory, elderly care, surgery, medicines information, patient services, aseptics. You will also be involved with project work and a pharmaceutical care plan to apply your knowledge to practice and improve patient care.
