### **Further information on the Trust:**

We are a large teaching Trust located in North East London. Our Vision is to provide outstanding healthcare to our community, delivered with pride.

We care for a population of more than 750,000 people and are one of the largest employers in the region, with 7,500 staff and volunteers.

We operate two emergency departments and offer a full range of acute services. We have a neuroscience centre, a cancer centre, and a hyper acute stroke unit to provide specialist care. In addition we were the first Trust in the UK to introduce Varian Halcyon radiotherapy which helps reduce treatment times for cancer patients.

Our Trust covers two sites – Queen’s Hospital in Romford and King George Hospital in Ilford. Both sites have good transport links by road and public transport.
